DETAILED ACTION

Response to Arguments and Amendments

The PTOL-308 submitted by applicant on July 08, 2005 has been put into the file record.

Applicant's arguments, see amendment filed 06/29/2005, with respect to Office action mailed 03/30/2005 have been fully considered and are persuasive. Applicant canceled original claims 1-5 without prejudice or disclaimer and added new claims 6-10.

Drawings

The amended drawing was received on 06/29/2005. The drawing is accepted and the objection to the drawing in the office action dated 03/30/2005 is withdrawn..

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bruce H Troxell on August 1, 2005, Reg. No. 26,592.

In claim 6 line 6, delete "the" and replace with "a". The line will read "direction for a camera; and.

Allowable Subject Matter

Claims 6-10 are allowed.

The following is an examiner's statement of reasons for allowance: New independent claim 6 includes mobile phone having camera lens that transmits pictures, an embedding base removably connected to mobile phone, an illuminating device producing an illumination in photographing direction for camera and switch controlling a battery selectively supplying power to at least one lamp. The art of record does not teach an embedding base removably connected to the mobile phone; the embedding base having an illumination device that includes a circuit coupled to battery charger charging the battery. This combination of limitations is not found or taught in the art of record. Claims 7-10 depend from claim 6 and add further limitations. These claims are allowable for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James W Cranson whose telephone number is 571-272-2368. The examiner can normally be reached on Mon-Fri 8:30A.M.- 5:00P.M..
